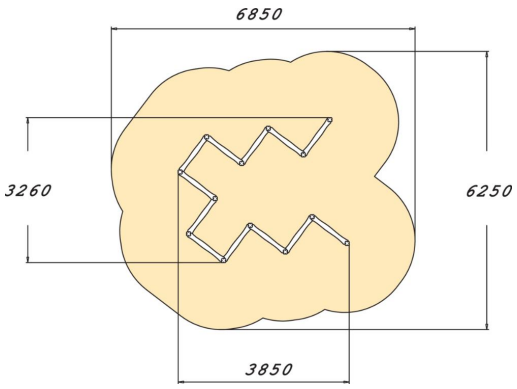
Goblin's Track

The Goblin's Track is a balancing track set at a height of 560 mm, consisting of 12 beams. It can fit several children at a time. Traversing the track develops the children's sense of balance and motor skills. The shape of the track fuels the kids' imaginations, turning it into a wide variety of things: horse pens, garages, rows of houses... Older kids may want to use the track just for hanging out.



User age	3+
Number of users	12
Product length, mm	3860
Product width, mm	3260
Product height, mm	560
Falling space, m²	34.1
Height required, mm	2290
Max. free fall height, mm	490
Safety info	EN 1176-1 TÜV
Installation time (for 1), H	4
Foundation options	Deep mounting Surface mounting
Wood	
Metal colour
