

GENERAL TECHNICAL DATA

dimensions:

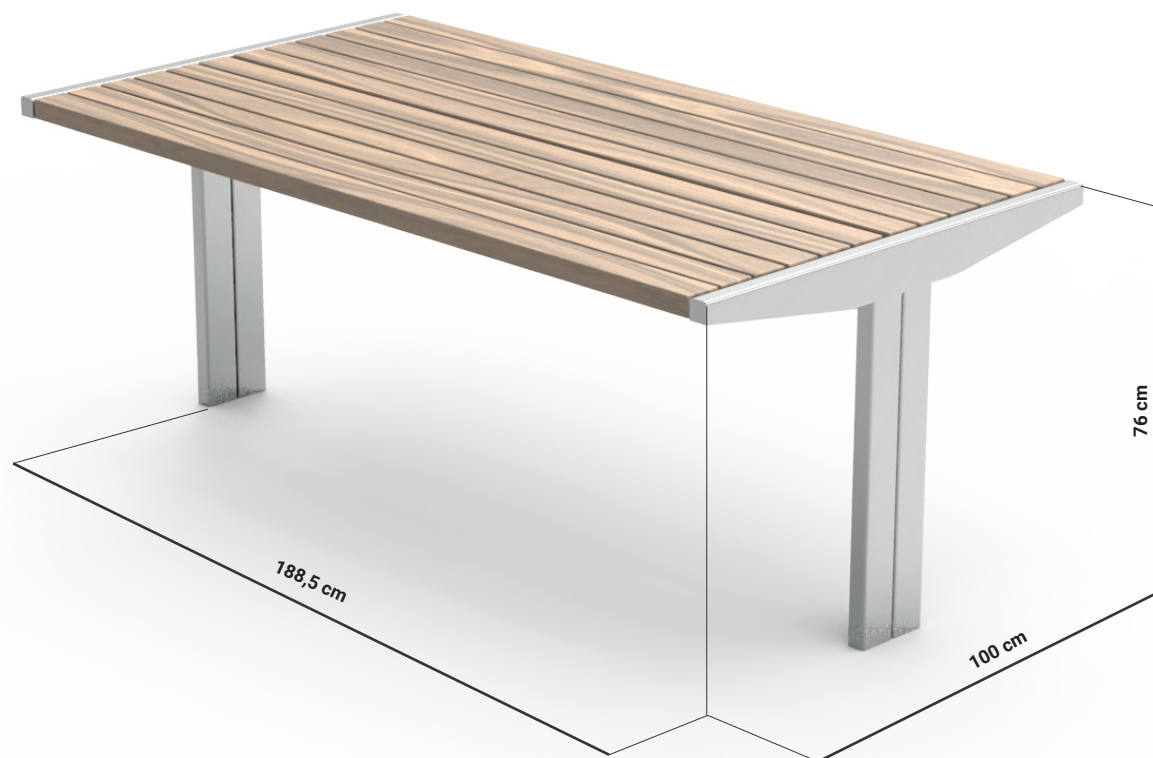

- depth: 100 cm
- height: 76 cm
- width: 188,5 cm

weight: 73 kg

*weight when using exotic wood

materials:

- stainless or construction steel
- domestic coniferous or exotic wood

DESCRIPTION

The modern Amicus table contains all the best qualities of the Amicus city furniture family.

Bold style and minimalism characterizing this line makes Amicus an excellent option for futuristic office spaces, museums and galleries with modernist works. Similarly to the Seven bench, from which Amicus originated, the whole structure is based on two steel legs - made of carbon or stainless steel.

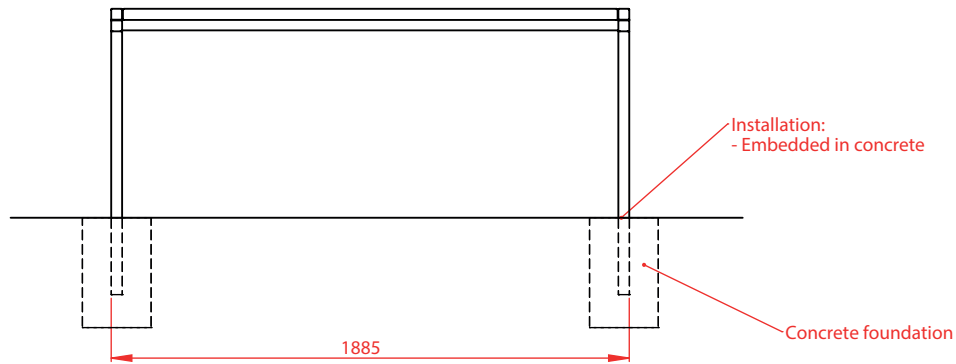

The table is available in stainless or carbon galvanized steel and painted in any RAL colour. Wooden top is made of domestic coniferous or exotic wood.
