Sprinkle water play tiles 250x250cm

EXIT Sprinkle water play tiles 250x250cm:

The EXIT Sprinkle is a set of nine water play tiles for children. All the tiles have a water nozzle to surprise kids time and again by spraying unexpected squirts of water. The interactive water play toys can be operated with a control box and with the EXIT Sprinkle app. The control box comes with the tiles and contains seven games.

The Sprinkle water play tiles from EXIT Toys are easy to assemble and can be placed in a square or hopscotch layout. Decide on how you would like the tiles to be arranged, click them in place with the connectors and attach the nozzles to the control box.

The control box from the EXIT Sprinkle is equipped with seven unique water games. For those who really can't get enough of water games, we have developed an actual EXIT Sprinkle app. The app connects via bluetooth to the Sprinkle water play tiles from EXIT Toys and because of its special child friendly design, it is easy to operate by kids.
