Product description

The Swing King features six tire swings arranged in a circular formation. Each tire is positioned vertically with a flat seat inside, serving as a jump-stop feature that prevents children from standing on it to jump toward the center. This design allows children to sit safely and comfortably while swinging toward each other, creating an interactive and dynamic play environment.

As children swing, they enter a shared space of motion, promoting social interaction, cooperation, and imaginative play. The setup of the Swing King challenges children to navigate their surroundings, enhancing balance, coordination, and motor skills.

The Swing King provides a fun, social, and developmental experience, inviting children to connect with one another in a playful and creative way.

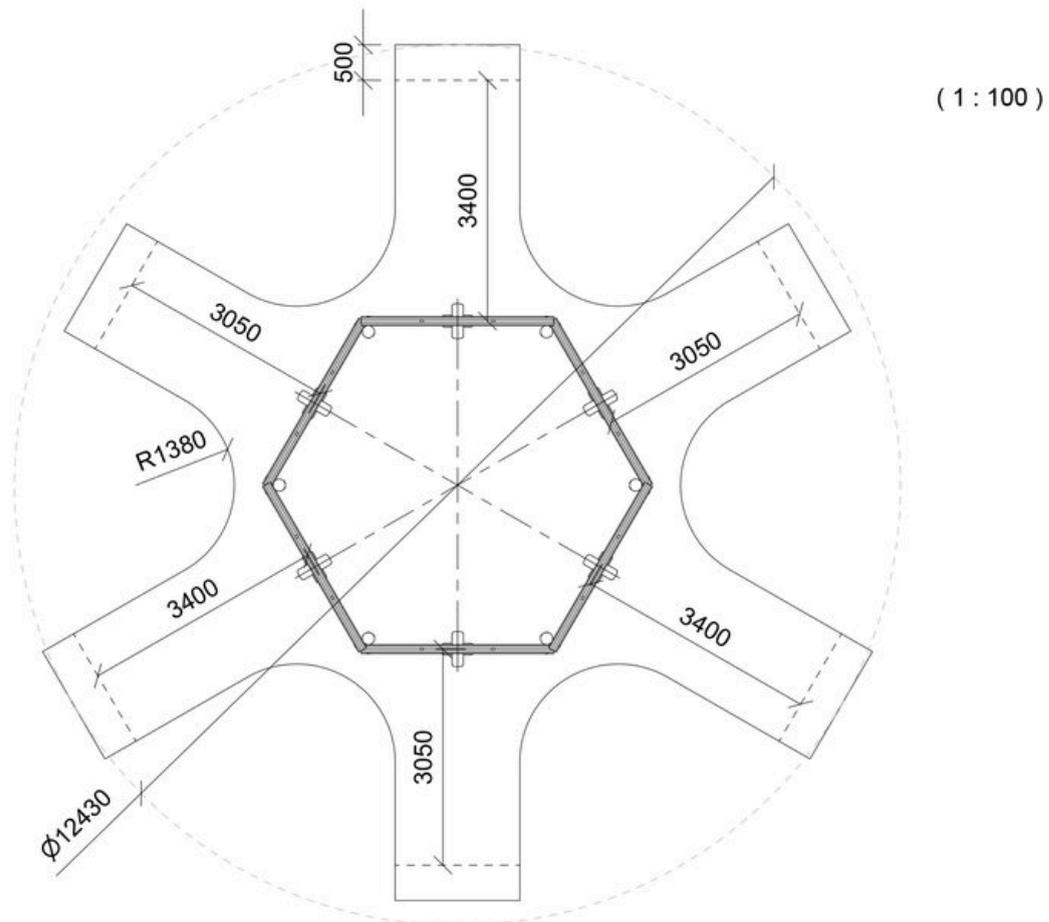

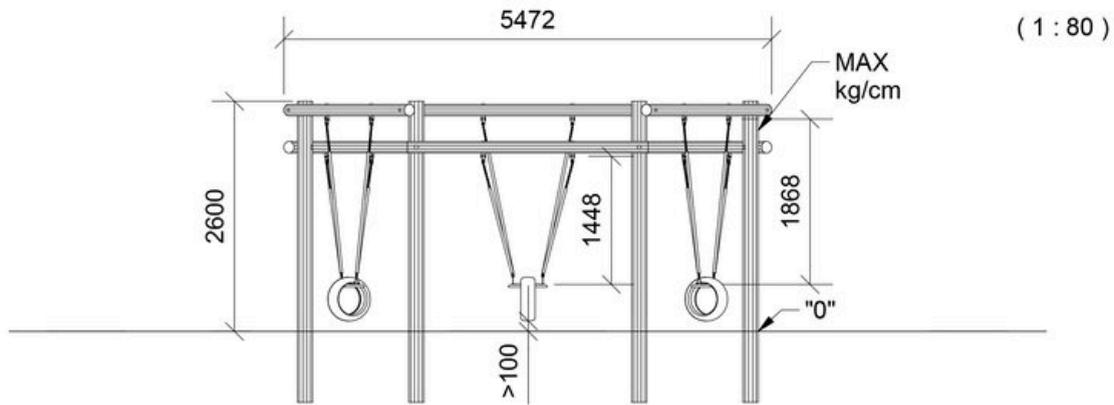

Age	4+
Number of users	6
Color	Uncolored
Primary materials	Robinia, Stainless steel, Rubber
Anchoring	Robinia in ground
Fall height	1,5 m
Dimensions (LxWxH)	5,5 x 5,5 x 2,6 m
Impact area	63,5 m ²
Minimum area	12,4 x 12,4 x 2,6 m

Variation	Color	Installation
LE20230	Chestnut	Robinia in ground

Warranty ([Terms and conditions](#))

Robinia	15 years
Stainless steel	25 years
Rubber	2 years

Assembly time
14 hours

Anchoring
Robinia in ground

Largest part
Ø18 x 340 cm
