## Material Description:

- Structure of the device made of S235 steel;
- Platforms made of anti-slip plywood with a thickness of 18 mm, mounted on a metal frame;
- Steel elements protected against corrosion through galvanization and powder coating;
- Seat made of EPDM rubber with a steel insert;
- 10 mm stainless steel ropes;
- All connectors and fittings are weather-resistant and UV-resistant;
- Direct installation in the ground. Foundation according to the installation instructions;

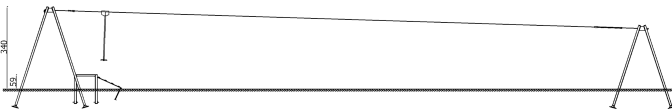

## Set Composition:

- 1 x Starting Station
- 1 x Ending Station
- 1 x Rope with Trolley
- 1 x Platform with Entrance

## Series Description:

Complementary equipment such as spring rockers, swings, slides, carousels, and sandpits are an essential part of every playground, making it even more attractive and functional. Each of these elements encourages physical activity and creative outdoor play while supporting children's motor and social development.
