

Norte LUMO PLAY

Code: GK-RO-201-LP

Description

A roundabout with the LUMO PLAY function thanks to which it shines and makes sounds. It's equipped with triple star-shaped handle. Colourful LED lights are placed in the metal handles and the rim of the roundabout floor. To start the lighting and music functions, it is enough to make roundabout rotate. When roundabout is not set in motion, it beeps for a few seconds every 5 minutes and performs light illumination. Additionally, light and sound can be controlled with the LUMO PLAY application. The current (electricity) is generated directly from roundabout movement (no external connection required).

Playground device consists of

- LUMO PLAY function lights and sound
- 1 platform with triple-star shaped handle
- 1 foundation part

Product details

- Dimensions: (LxWxH): 1,32 x 1,32 x 0,85 m
- Safety zone: 5,32 x 5,32 m
- Free fall height: 1,0 m
- Certificate in accordance to EN 1176-1, 1176-5 safety norm

Materials

Structure made of steel pipes, galvanized and powder painted. Anti-slip HPL floor.
