

Sutu deep mount kit, concrete needed

This Sutu deep mount Kit provides seven deep mount ground anchors to install Sutu. This is the most common Sutu installation type used with concrete poured on-site. Choose an installation type that fits your situation best. Lappset Sutu can be installed in various situations, from outdoors in grassy, sandy, rocky, or tiled or concrete surfaces to indoor areas. Available standard options are: - Deep mount - Surface mount - Exhibition mount Do you prefer another installation type? No worries; we are happy to provide you with a custom mount installation solution that best suits your location.
