

Memo deep mount kit, concrete needed

This Memo deep mount kit provides seven deep mount ground anchors to install the Lappset Memo posts. This is the most common Memo installation type used with concrete poured on-site. Protective tubes Ø 40mm are provided to connect the anchors underground to conduct the cables. It is a plug-and-play installation. Choose an installation type that fits your situation best. Lappset Memo can be installed in various situations, from outdoors in grassy, sandy, rocky, or tiled or concrete surfaces to indoor areas. Available standard options are: - Deep mount - Surface mount - Frame mount - Exhibition mount Do you prefer another installation type? No worries; we are happy to provide you with a custom mount installation solution that best suits your location.
