	Play panels 1
	Slides 3
	Towers 2

The Castle is a favorite of themed play for many ages. The youngest players can climb to the lower wooden slide by stairs. There is a double rope ladder to climb higher and a special feature of this product: the rotating ladder! It allows children to develop their climbing skills, endurance and agility. The long slide and the fireman's pole offer a quick exit from the tower. Below the tower there is an arch-shaped net, perfect for exercising spatial perception.
