EEMELI SLIDE

Eemeli Slide offers a smooth, confidence-building introduction to classic sliding fun. With its low platform, it's ideal for toddlers and young children aged 1+ learning to move independently. The compact design supports coordination, balance and spatial awareness in a secure, welcoming format, perfect for early learning settings or public parks with fall height of 1000 mm. Eemeli encourages self-directed play, helping children develop confidence while enjoying joyful movement. Built from durable materials including HPL and steel, it stands up to daily use in kindergartens and outdoor activity areas. Eemeli is a safe and inclusive addition to any playground focused on early childhood development.
