

**F24011M**  
**HELVI SLIDE**

Helvi Slide brings excitement and challenge to the playground with its elevated platform and long, flowing descent. Designed for children ready to climb higher and slide further, Helvi inspires bravery, coordination and full-body movement in a safe, well-structured play experience. Wide steps and easy-to-grip railings ensure safe access, while the smooth slide surface delivers consistent performance in all conditions with fall height of 1470 mm. Children starting from age 1 + can move confidently at their own pace, exploring speed and height while building resilience through play. Constructed from durable, weather-resistant materials, Helvi is ideal for parks, schoolyards and inclusive playgrounds that prioritise variety and progression.
