Vilja Play Tower invites children aged 1+ into a world of movement, climbing, and imaginative fun. With two slides, a fireman's pole and multiple access points, it supports active play for children of different abilities, offering choice, challenge and excitement. Built from PEFC-certified Nordic pine and finished with durable HPL and polycarbonate surfaces, Vilja stands up to active daily use in parks, schoolyards and community spaces. Its open layout encourages both social interaction and independent exploration. Whether sliding, climbing or pretend playing, children are supported in developing motor skills, balance and creativity with fall height of 1970 mm. Vilja brings variety and energy to inclusive playground designs that promote movement for every heartbeat.

User age	1+
