Eeli Motor Skills Track builds coordination, flexibility and confidence through a series of diverse climbing elements. Its level design with fall height of 2550 mm offers just the right amount of challenge for younger users, supporting safe exploration while encouraging teamwork and movement for all. Ideal for public parks, school yards, and housing areas focused on early development, Eeli promotes physical literacy in an inclusive and engaging way. Children aged 4+ can develop core strength, balance and cooperation through active play. Made from PEFC-certified Nordic pine and durable painted steel components, Eeli is part of our sustainably responsible playground equipment range, designed for lasting performance in all conditions.

User age	4+
Number of users	26
Product length, mm	7040
Product width, mm	5200
Product height, mm	4310
Impact area, m ²	66.5
Falling space, m ²	67.5
Height required, mm	4810
Max. free fall height, mm	2550
Safety info	EN 1176-1:2017; 3
Installation time (for 1), H	24
Foundation options	deep_mounting surface_mounting
