PELLE SWING FRAME LOW

Pelle Swing Frame provides a safe and functional foundation for swinging play. Supporting two swings, it blends natural aesthetics with structural strength, combining PEFC-certified wooden posts and a steel beam for long-term outdoor use. Children (aged 1+) can enjoy balance, coordination and social interaction as they swing together, making Pelle a versatile addition to playgrounds of all sizes. Its open design ensures accessibility and flexibility for different swing types, from classic seats to inclusive adaptations with fall height of 1200 mm. A practical yet visually appealing solution, Pelle fits seamlessly into schoolyards, parks and residential areas. It reflects the sustainable quality of Nordic design playgrounds, where timeless materials and purposeful design meet active, joyful play.
