EERO SWING FRAME FOR THREE

Eero Swing Frame for Three adds dynamic group play to outdoor playgrounds. With space for three swings, it promotes rhythm, coordination and interaction as children (aged 1+) swing together in a safe, shared setting. The frame is built from PEFC-certified wooden posts with a strong steel beam, combining sustainability with structural resilience with fall height of 1200 mm. Its adaptable design allows for different swing seat options, supporting inclusive play for children of varying ages and abilities. A natural fit for schoolyards, public parks and community spaces.

User age	1+
Number of users	3
Product length, mm	5640
