IIVO SWING FRAME WITH INCLUSIVE SEAT

Iivo Swing Frame with Inclusive Seat prioritises accessibility, making swinging play available to children of all abilities. Its supportive basket seat offers a comfortable, secure and rhythmic experience that fosters confidence, coordination and joyful interaction. The sturdy frame combines steel with PEFC-certified wooden posts, ensuring both stability and visual harmony in outdoor settings. Designed as a cornerstone of inclusive playground equipment, Iivo allows children aged 1+ to participate together in one of the most beloved forms of play with fall height of 1400 mm. Suitable for public parks, schoolyards and community spaces.
