

# FINA SPRING ROCKER

Fina Spring Rocker offers a compact and welcoming play experience for toddlers discovering movement. Its secure design and soft rocking motion help children (aged 2+) build balance, rhythm and early motor skills in a safe and supportive way. Crafted from HPL panels and a sturdy steel spring, Fina is designed for long-lasting outdoor use in kindergartens, parks and residential play areas. Its approachable size and playful form make it easy to include in compact layouts while ensuring inclusive play opportunities. A cheerful addition to outdoor activity spaces, Fina reflects the principles of Nordic design playgrounds: simple, durable and purposefully designed for children's wellbeing. Fall height for the rocker is 600 mm.
