

# DINO SPRING ROCKER

Dino Spring Rocker roars to life with energy and imagination, inviting children (aged 2+) into themed motion play. As they bounce, children strengthen muscles, improve balance and develop spatial awareness, all while engaging in storytelling and pretend play. Its durable build features HPL panels and a steel spring, ensuring safe performance in high-use environments like public parks, schoolyards and preschool playgrounds. Dino's engaging form makes it a natural focal point that captures attention and sparks play instantly. Fall height for the rocker is 600 mm.

User age	2+
