

Iiro Sandbox offers compact sensory play through a clear-lined, accessible design with fall height of 460 mm. Children (aged 1+) can dig, shape and build together, developing fine motor skills and social confidence in a calm, inclusive setting. Its wooden pine frame and durable HPL surfaces ensure long-term use while supporting easy maintenance and daily cleaning. With its small footprint, Iiro fits perfectly into schoolyards, kindergartens and residential parks, adding tactile, creative play to even the most space-conscious outdoor activity areas.
