

# AINO SANDBOX M

Aino Sandbox combines form and function in a welcoming space for sensory exploration. With clean wooden edges and robust HPL surfaces, it offers children aged 1+ a place to dig, shape and build together, developing coordination, cooperation and creativity. Its medium size makes it versatile for use in public parks, schoolyards and early learning environments. The simple, well-balanced design ensures safety, durability and ease of access for younger children with fall height of 460 mm. Aino supports inclusive play and social development in playgrounds focused on early learners and outdoor wellbeing—a strong addition to any activity area seeking tactile engagement in a beautiful and reliable format.
