Wilhelm Sandbox turns sandplay into a multi-level experience of creativity and collaboration. With built-in ramps, play panels and varied levels, children (aged 1+) are invited to dig, build and roleplay, fostering cooperation, imagination and motor development. Its generous footprint and open design encourage inclusive group play, making it ideal for high-traffic environments such as public parks, schoolyards or recreational playgrounds. Made from PEFC-certified Nordic pine with HPL surfaces for added durability, Wilhelm is designed for long-term use and easy maintenance with fall height of 820 mm.

User age	1+
Number of users	12
Product length, mm	4910
Product width, mm	4110
Product height, mm	2840
Impact area, m ²	9
Falling space, m ²	39
Height required, mm	3340
Max. free fall height, mm	830
Safety info	EN 1176-1:2017
Installation time (for 1), H	12
Foundation options	deep_mounting surface_mounting
