

EWA SANDBOX AND SLIDE

-  Dynamic 2
-  Play panels 3
-  Roofs 1
-  Sandplay 1

Ewa Sandbox and Slide blends classic sandplay with movement-rich fun. Children aged 1+ can dig, shape and build stories in the sand, then climb and slide, transitioning naturally between sensory exploration and active movement. Its compact layout supports motor development and creativity in smaller public playgrounds, residential parks or kindergarten settings with fall height of 790 mm. Whether playing independently or together, children are supported in expressing themselves through imaginative and physical play. Constructed from PEFC-certified Nordic pine and durable HPL panels, Ewa offers long-term performance with minimal maintenance.

User age	1+
Number of users	6
Product length, mm	3200
