

# TURPO PLAY TUNNEL

Turpo Play Tunnel offers a playful crawl-through experience that encourages movement, discovery and sensory exploration. Designed for toddlers aged 1+, its friendly shapes and small openings invite curious exploration, entering, exiting and engaging from all directions. Made from durable HPL panels and a sturdy plastic tunnel body, Turpo withstands daily use in kindergartens and public parks with fall height of 1030 mm. Its compact size and inclusive layout make it easy to access and enjoy for children of all abilities. A great addition to outdoor activity spaces focused on early childhood development, Turpo supports gross motor skills and imaginative play within a safe, welcoming structure.
