

Markus Gate offers a welcoming entrance to any outdoor playground, combining function with playful imagination. Crafted from PEFC-certified Nordic pine and durable HPL panels, it defines the transition into a space designed for movement, exploration and joy. The materials ensure long-lasting performance in all weather conditions, supporting sustainable playground equipment design. With its open frame and clear identity, Markus Gate invites children to see it as a portal to adventure, setting the tone for inclusive, creative play beyond. An ideal feature for parks, schoolyards and early education environments, it adds both visual unity and storytelling potential to themed or natural play settings.
