

KUISMA PLAY PATH

Kuisma Play Path brings gentle hills to the playground, encouraging balance, coordination and spatial awareness. Designed for toddlers and young children aged 2 or more, this low-level element with a fall height of 330 mm supports crawling, stepping or riding by balance bike as part of imaginative outdoor play. Made from PEFC-certified Nordic pine with anti-slip features, Kuisma ensures a safe and accessible play experience in all conditions. Its natural shape and materials suit Nordic design playgrounds and support inclusive design for children of all abilities. Ideal for schoolyards, parks and public spaces, Kuisma fits into modular playground equipment plans and sustainable playground designs focused on early physical development and movement. A simple way to invite joyful activity into every outdoor space.
