

SILJA PLAY PATH

With its dynamic contours, Silja Play Path transforms movement into an engaging adventure. Designed to support balance and gross motor development, the varying heights encourage children aged 2+ to explore by foot or by balance bike at their own pace. The structure is crafted from locally sourced, PEFC-certified Nordic pine and features a skid-resistant surface for added safety. With a fall height of 630 mm, Silja is ideal for early climbers building confidence through active play. Blending seamlessly into natural landscapes, Silja brings inclusive play to life in parks, schoolyards and public spaces.

User age	2+
