

LP098

Sixtus, large bow section with mast and rudder

Click here to see a 360° animation on our website ...

The flexible pirate ship (bow)

The flexible pirate ship allows you to steadily expand your pirate ship, so that your playground investment can stretch over a longer period of time. Sixtus is a large bow section, and includes an anchor. You can raise the anchor, use the movable telescope, which can tip and turn, or you can crawl through the rubber slats into the secret cargo room. You can also stand by the moving ship's wheel and steer your ship onto the seven seas. If you want to see the other part of the flexible pirate ship, take a look at [LP099 Mercurius](#).

Like the rest of the Pirates family, Sixtus is made of 100% reusable materials, so that when Sixtus retires it can become part of a new playground.

Why buy LEDON Pirates?

- Developed in collaboration with children.
- Can be infinitely expanded with ships, treasure islands and suspension bridges.
- Ships in many different price ranges.
- Ships can be combined with play systems from LEDON's other theme worlds.
- Unique playground in modular set-up.

Specifications

Order number

LP098G: In-ground mounting

Product dimensions (LxWxH)

385 x 220 x 285 cm

Area requirement incl. safety distances (LxW)

685 x 520 cm

Maximum fall height

58 cm

Age recommendation

From 3 years

Approximate installation time

2 persons 10 hours

Why choose LEDON:

Danish design and production

Playground equipment developed in cooperation with children

Low maintenance playgrounds

Made with sustainable materials

EN1176 certified by TÜV
