Change the content
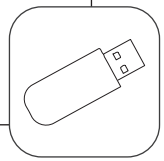
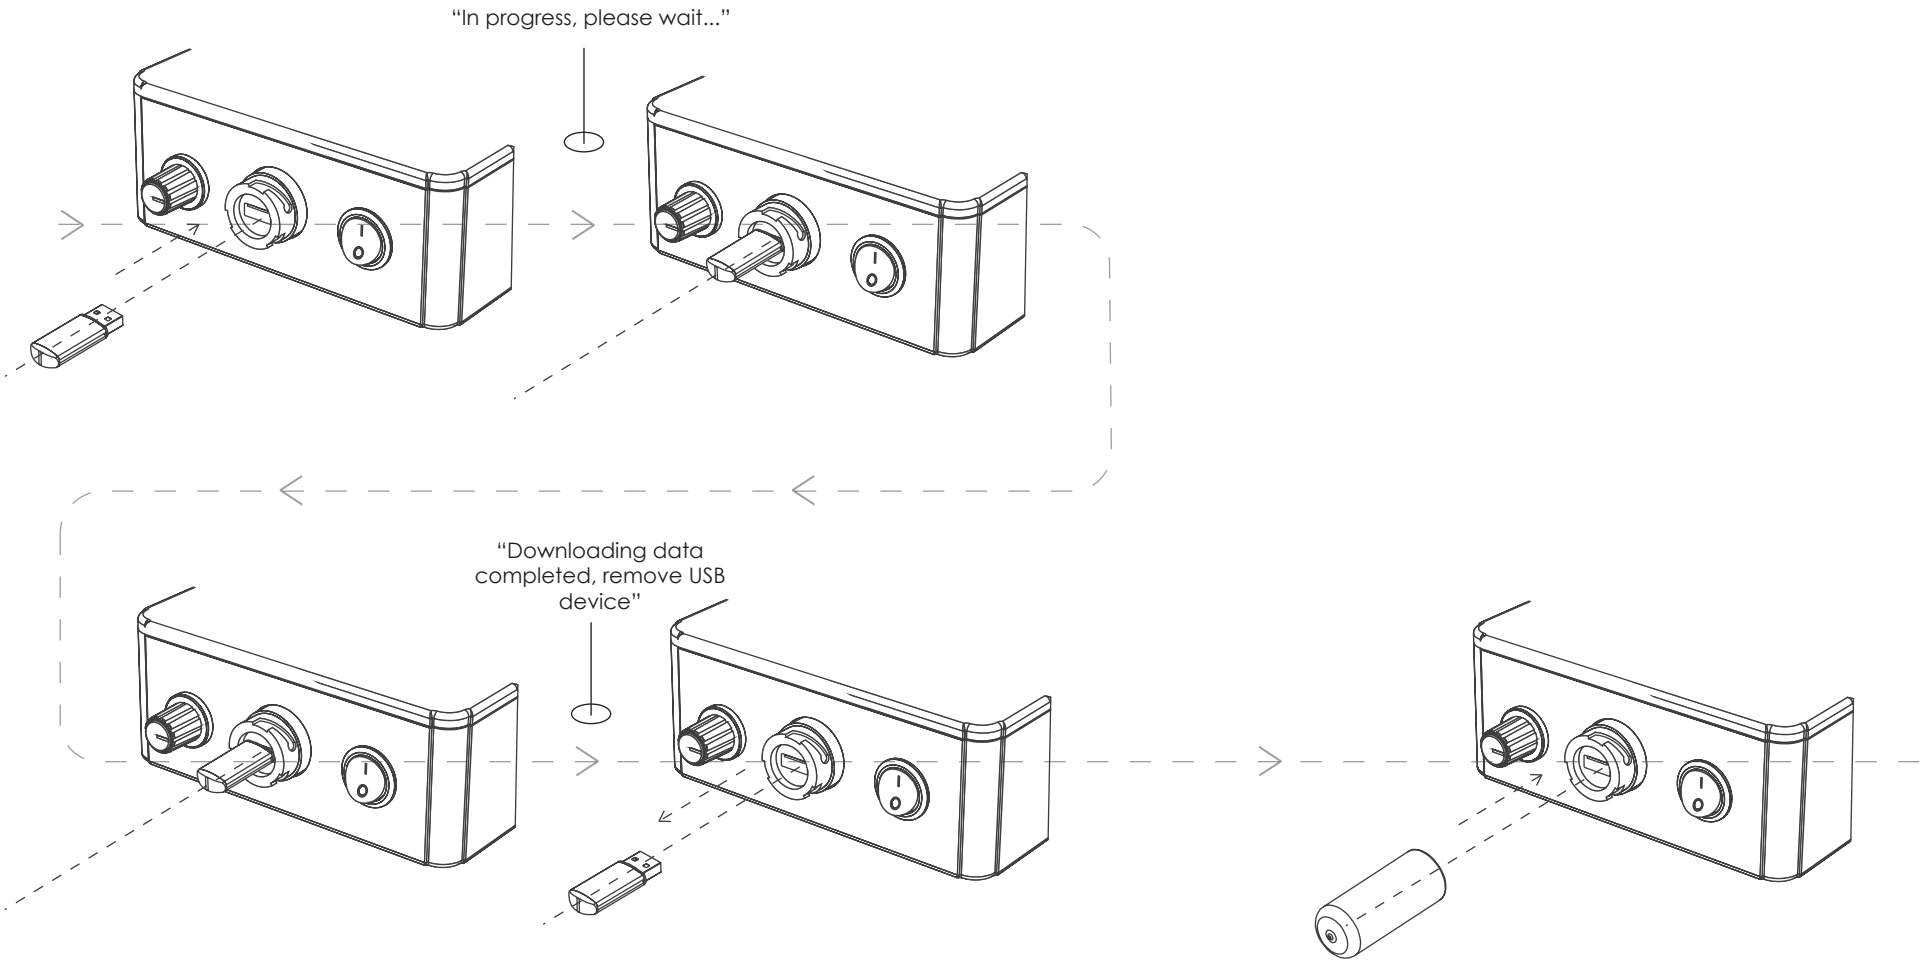
4. Put the USB stick into the computer.
5. Generate energy with the product. Wait until the update is completed. Remove the USB stick after completion.
6. Make sure that you put the dust cover back over the USB port.
7. Close the service hatch.





Receive timelock
1. Receive a USB device. Playnetic has set the correct start- and endtime for you.

Install and manage a timelock
1. Remove the bolts with the supplied hex key.
2. Remove the service hatch.
3. Important! The timelock must be installed at 12 o'clock local time. If the install is being done too late or too early, the time lock will not work properly.
4. Put the USB stick into the computer.
5. Generate energy. Wait until the update is completed. Remove the USB stick after completion.
6. Make sure that you put the dust cover back over the USB port.
7. Close the service hatch.

Update your timelock 2x a year
For updating your timelock, use the USB device you received from Playnetic with the correct start- and endtime (same USB device for install option). Repeat step 1 to 7 in 'install a timelock' to complete the update.
